	Width	m	EN ISO 24341	2
	Length of rolls	m	EN ISO 24341	20-25
	Thickness	mm	EN ISO 23346	2
	Thickness of wear layer	mm	EN ISO 24340	0.35
	Weight	g/m ²	EN ISO 23997	1300
	Structure		EN 469	heterogeneous
	Light fastness	grade fokozat	EN20105 B02	6
	Chemical resistance		EN 423	no change

Unifloor is a design covering, available in rich variety of colors. It is recommended either as a portable floor at any events or as a very durable and easy-to-maintain wall protecting material. Due to its hard surface and cushion backing, Unifloor is an excellent choice for various kinds of dances as well. Its wear layer thickness makes it suitable for permanent installations too.

Recommended application areas:

- events and shows
- stages (in- and/or outdoor)
- exhibitions
- dance (ballet, contemporary, jazz)
